

# What is human energy and how does it work?

A gifted scientist named Fritz Albert Popp, PhD discovered and found a way to measure energetic activity which occurs between each and every cell in the human body. It is not only a network of energy, but a network of "Pure Communication". These Biophotons, are what he calls bursts of energy that travel through your brain and around your body at the speed of light. The Biophotons carry the pre-cursor messaging that accomplishes the successful function of each organ in your body.

This is the "software" that controls everything. We all work with or receive benefits from networks of computers everyday. We all have a basic understanding of how that all comes together. Let's take a moment to consider our body as a network of systems: we call them "organs" and a central computer that we will call the brain. You actually have the most complex information system in the world, inside your own body.

Most information systems are divided into two halves. Hardware, we call this "the body" and software, which we call "your energy". Yes, energy not brain. The energy actually contains the information. It may begin in the brain, but the energy is the extension of the brain. The energy controls every single function of your body as a pre-cursor message.

## **How can we use this new information for better health?**

Before we can answer that important question, let me explain what I have observed for the past 17 years while working with doctors and thousands of

their patients. Let me begin with the immune system, during the testing procedures in my lab, I found infectious bacteria, viruses, fungi even large worms living and thriving inside people's bodies. The question and curiosity here is; why doesn't the immune system become active and eliminate these creatures and restore proper health? Unfortunately, we don't know the answer to that question, but we do have a solution to this problem.

The immune system doesn't recognise the parasite, so it allows it to thrive inside your body. Eventually it creates organ dysfunction and in a few years it will probably become known as a disease. Why does this happen? The answer is we have a corrupted software file in our immune system. The good news is we now have the technology to naturally "reboot" your immune system and provide it with the correct information.

By understanding the benefits of "pre-cursor energetic messaging" we have the ability to naturally end a very high percentage of all immune system dysfunction and a way to being the healing process for millions of children and adults with autism, ADD and ADHD.

## **How can we begin to use this breakthrough in technology?**

We are now beginning to understand the energetic language of the biophotons. We write a restorative software programme, which is programmed into a small metalised patch. The patch contains a material similar to a DVD. We burn the restorative programme into the

patch, then it is placed into a special energetic chamber, when it emerges from this chamber the material is charged and can present the energetic programme as a "field of information", which the body can understand. This can be used as a "reboot" for the immune system. Once this restorative information is received by the body and the mind, the natural immune system responds to the pathogens or virus immediately.

Since we can now understand the mind and the body's energetic network language, we can now restore the correct "pre-cursor messaging" and reboot the body to respond correctly to the behaviour of autism, ADD and ADHD.

*This is not a medical approach for adapting to better behaviour; this is restoration of pre-cursor messaging. We do not present any food, medicine or chemistry. The technology has nothing to do with medicine; it is based on nanotechnology to deliver the energies to the cellular levels, for the body to heal by itself.*

### **How long does it take to reestablish the correct pre-cursor messaging?**

Most children with autism will take six months or even up to one year to see any measurable positive results. In that period of time the behaviour of the child or adult will eventually regain some stability and behavioural problems such as peer interaction and better communication with you, and friends will be noticed.

Remember, this is a restorative energetic programme designed to increase their coping skills and interaction with their peers.

### **How can this technology benefit in other health challenges?**

We called this as **Nano Energy Booster (NEB)** with programmes to help in the following health challenges:

1. **Sleep Support** to restore your energy for your best natural sleep patterns
2. **Brain-Liver Support** to support proper messaging of the brain and the liver to normalise their function.
3. **Candida Support** for fungal infestations, in candida fungus, yeast and fungus based vaginal infections.
4. **Circulation Support** to support and clear healthy arteries, slowly dissolving plaques and calcification in arteries including tooth plaques.
5. **Cold-Bacteria Support** to help with bacterial infections - Streptococcus, E. Coli, Staphylococcus, Pneumonia, and helps supporting the immune system.
6. **Comfort/Pain-Tens Support**, to provide energy to reduce observable pain - Analgesic, Migraine, Trauma, and Accidents.
7. **Digestive Comfort Support** to aid in digestive problems and improve gastroenteritis problems.
8. **Energy & Stamina Support**, to raise energy and alert levels, improving athletic stamina, mental stamina, and achieve higher concentration levels for studies or safe driving.
9. **Enzymes DB Support** provides enzyme energetics to support multiple organ function, ideal for all diabetics. Enzyme action helps with nutritional up-take for healthy diets.
10. **EverCLR-OLE Support**, known as the natural support for Herpes; HSV, and HPV. We do not make this claim, but we have read the claims of thousands of satisfied clients from the past seven years.
11. **Eyes Support** to restore energy in the eyes. We have observed improvements in a broad range of eye health challenges, cataracts, glaucoma, floaters, and retinal inadequacies.

12. **Female Hormone Support** to balance and support hormones - PMS, bloating, menstrual discomforts, and hot flashes.
13. **FLU-Virus Support** for rapid anti-viral action. It starts working immediately, headache, vomiting, body and joint pain, due to viruses.
14. **Hep-DL-10X Support** to restore the body's energetics necessary to reduce blood clotting disorders and support blood clotting disorders and support proper organ function.
15. **H-GH4 Support** as a "healing programme" based on the original GH-3 procaine Formula. The H-GH4 has expanded health benefits with 2-3 times the potency of the original formula.
16. **Ideal Beauty Support** for hair and skin. Retains better moisture levels in skin, reduces wrinkle formations, increases tinsel strength and tightness of skin, healthier looking hair.
17. **Joint Comfort Support** contains the specific healthy energy found in bones and connective tissue. It helps to heal damage from arthritis, rheumatoid arthritis, osteoarthritis, and other degenerative bone conditions.
18. **Longevity Support** contains the latest scientific discoveries for a long healthy life. It helps to raise your hormone production, human growth hormone, DHEA, anti-oxidants, anti-inflammation.
19. **Magnetic Core Support** with 6 seals that support the body's core energy to increase the individual cell's integrity. Made to support a better system of natural healing, attach to the mattress.
20. **Male Hormone Support** to balance male hormone. Increases energy while providing sexual benefits. Healthier prostate gland, better semen production, increased and balanced testosterone, stronger erections, increased sexual desire.
21. **Memory Support** helps to restore depleted energetics in the brain. Better short term and long term memory.
22. **Organ Cleanse Support**, good health begins with proper organ function. Environmental detoxification, effective for over 79 different toxins, increases lymphatic function, reduces inflammation, multiple organ and health improvements.
23. **Parasite Support** designed as a barrier to microscopic infections to eliminate them out of the body.
24. **R1H2 Support** for children with autism. It energetically supports the brain with observable and measurable improvements in as short as 90 days. Also for Lyme disease disorder.
25. **Scar Tissue Support** greatly reduces the chance of scar tissue formation. Opens acupuncture meridian blockages due to scarring, used with all breast implant patients, reduces scarring during and after surgery.
26. **Seasonal Best Support** for seasonal and food allergies. Many times after you have eliminated the primary cause of health problems there are allergies which hinder the final healing.
27. **Stress Less Support** to increase your coping skills for stress, anxiety and depression. Very quick response, noticeable results within 48 hours, great compliance, increases actual feelings of joy and happiness.
28. **Weight Management Support**, our most complex programme, adds supportive energy to almost every function of the body. Contains five different fat burners, detoxifies the organs, increases healthy lymphatic function to remove fat, reduces appetite, reduces bloating, encourages physical activities.

We have other programmes including hair loss, autism, fuel savings, and to prevent cell phone radiation. These products are not intended to diagnose, treat, cure or prevent disease. They are merely for research use only and not for medical diagnosis and/or medical treatment.

***THIS NANO ENERGY BOOSTER (NEB) DOES NOT CLAIM TO HEAL, BUT HELPS TO CORRECT THE FREQUENCY LEVELS SO THAT THE BODY COULD EVENTUALLY HEAL BY ITSELF (product of USA).***
