

Best Homegrown Organic Castile Soaps

nature's blessings

Nourish your skin with **the Blessed Soaps®**, a new line of organic products by Nature's Glory for the entire family.

Pioneering the organic movement in Asia for almost three decades, homegrown brand Nature's Glory has launched its very own line of certified organic castile soaps.

the Blessed Soaps® contain premium, certified organic essential oils mixed to precise ratios to produce a nutrient-rich formulation safe for everyone. It also has organic aloe leaf juice, organic shea butter, organic coconut, olive and sunflower oils which pamper and cleanse skin effectively and gently, without blocking pores or "coating" the skin. This ensures the organic ingredients are quickly absorbed into the skin, reducing the need for much water to wash off, therefore achieving up to 30% water savings. You actually use half of what you would normally use per bath as the soaps are 2-3 times more concentrated than other liquid soaps.

Available in five variants, the Blessed Soap® is backed by Nature's Glory's soap technology

and research to maintain consistently high cleansing potency at 100% throughout its shelf life with proper storage. They promote a healthy pH of 7.8 in the inner skin so that you can achieve soft, smooth skin, just like a baby's.

Baby Love Unscented comes without essential oils, making it suitable for infants, children, and those with sensitive skin or allergies. Choose from the other scented Blessed Soaps® with organic essential oils to relax and refresh mind and body: Citrus Joy (Uplifting), Lavender Peace (Calming), Peppermint Patience (Cooling), and Tea Tree Kindness (great for those with skin problems).

the Blessed Soaps® are priced at \$15 (355ml), \$30.80 (946ml). They are available at Nature's Glory (#01-09 Tan Boon Liat Building) and online at www.natures-glory.com, selected NTUC Finest and Extra outlets, selected Watsons, and health food stores. Economic refills are also available at Nature's Glory.

Visit Nature's Glory's Facebook and Instagram @naturesglorysg for the latest updates and look for the hashtags #theBlessedSoaps, #OrganicCastileSoap and #NaturesGlorySG.
